MAXIMUM BRANDING

LaseRite 360° Maximum Impact

With LaseRite 360° technology, your message is wrapped all the way around the pen, providing extra room for step-and-repeat patterns, oversized logos, sponsor spotlights, and more.

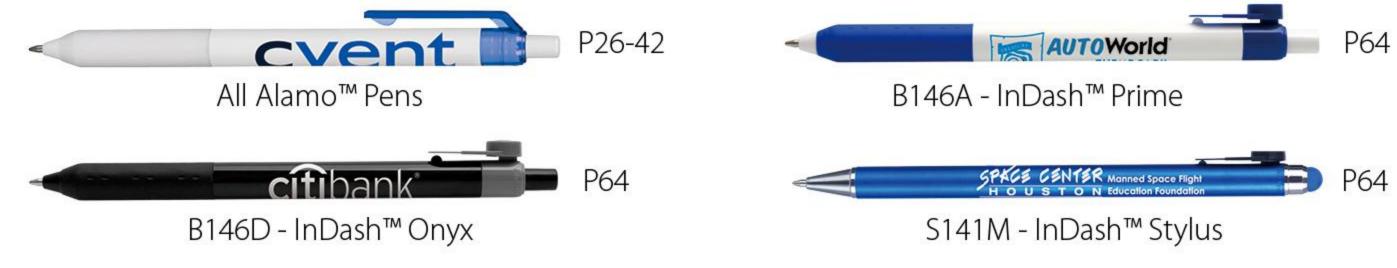

XL engraving doubles your normal engraving size, the perfect solution for hard to fit logos or readability. Vertical engraving height is over 1/2" which is double our standard engraving height.

Print 300° around the barrel with exclusive RiteAround wrap imprint. Your logo is maximized with a huge imprint area that wraps nearly around the entire barrel giving you more room for your message, more room for maximum brand exposure.
